No. G.

To the Secretary to the Hon'ble the
Resident in Mysore, Bangalore.

Sir,

I have the honour to inform you that the Mysore Government have recently reorganised their Public Health Department ~~on an extensive scale~~ in order to enable it to adequately cope with the various problems seeking solution at the hands of the Department. Among the changes introduced in the working of the Department is the establishment of a number of bureaus dealing with different branches of work such as Administration, Epidemiology, Rural Health, Vital Statistics, Laboratories Health Education etc.,

A ~~many~~ prominent feature of the ~~change in the~~ recent reorganisation is the transfer of the Sanitary Engineering Department from the Public Works to the Public Health Department with its sphere of operations widened and its staff enlarged. To help the Government in putting this line of work on a satisfactory working basis, the Rockefeller Foundation have kindly consented to spare the services of ~~Dr. Mr.~~ Mieldazis Sanitary Engineer and this gentleman is expected to arrive at Bangalore ~~come~~ shortly. I am writing this to bring this fact to the notice of the Hon'ble the British Resident.

I have etc.,
